ABOUT TOPIC

Career Prospective in Sciences and the Challenges of New Technology (CPSACNT-2021)

In a career you need to think about how you can grow in your job or move into another job.

Prospective means relating to or effective in the future or expected, Science means the study of and Knowledge about the physical world and natural laws. Science as a discipline is vast, and making a career in this field is really challenging but rewarding.

Career Opportunities in Science Education like Agriculture Education: - deals with instruction about crop production, livestock management, soil and water conservation and various other aspects of agriculture.

Aqua Science is the study of Earth's inter related processes, Astronomy is a natural science that deals with the study of celestial objects such as stars, planet etc, Biochemistry is the study of chemical processes in plants, animals and other living organisms, Bioinformatics is the use of computer technology to the management of biological information, Biostatistics also known as biometric, Electronics is the branch of science and technology which controlled motion of electrons, Environmental Science, Forensic Science deals the investigation of crime, Food Technology under this field selection, preservation processing, Packaging, distribution and use of safe, Forest Ranger, Geology is the science and study of the solid earth and the processes by which it shaped and changed, Horticulture is the industry and science of plant cultivation and Home science, Meteorology, Molecular Biology study of DNA and RNA etc, Oceanography is branch of earth science that studies the ocean, Plant pathology study under plant pathology, Physical Science under this field study of astronomy, physics, chemistry, and the earth sciences and Photonics includes generation, emission, transmission, modulation, signal processing, switching, amplification, detection and sensing of light. Technology, The application of Scientific knowledge to the practical aims of human life or to the change and manipulation of the human environment.

New technology any set of productive techniques which a significant improvement measured in terms of increased output over established technology for a given process in a specific historical context. Here top nine new and trending technologies are- 1. Artificial Intelligence (AI) and Machine Learning 2. Robotic Process Automation (RPA) 3. Edge Computing 4. Quantum Computing 5. Virtual Reality and Augmented Reality 6. Block chain 7. Internet of Things (IOT) 8. 5G 9. Cyber Security.

The organizing one day webinar on Career Prospective in Sciences and the Challenges of new Technology (CPSACNT-2021) through online mode. The aim is to brush up Senior/ undergraduate students understanding of important concepts in science career and challenges of new technology. Experts from lectures and theory demonstrations. The organizing committee is hopeful of achieving its goals through large-scale participation of student community.

ABOUT TOPIC

“Emerging Trends in Entrepreneurship and Innovation”

Entrepreneurs are seen as national assets to be motivated, cultivated, and remunerated to the greatest degree possible. Entrepreneurs develop innovative ideas that provide civilization with a large number of products and services which change the way we work and live. The importance of entrepreneurship can be understood by what it does for society. The benefits they offer are by creating job opportunities, improving standards of living and contributing to the overall growth of the economy.

Today, communities across the country are struggling. Workers are worried about their jobs and the youth is unsure of their future with little prospects of growth. There are no clear solutions but entrepreneurs do come as innovators taking the economy and the society to a state of prosperity and progress.

The current scenario of India and promotional schemes of government has fostered the youth of India towards entrepreneurship and business startups. The youth is becoming highly ambitious for entrepreneurship and as we say that “Change is the only constant in life”, emerging trends in the realm of entrepreneurship are also leading to optimism about the growth of the country. New startups are driving the economic growth, generating employment, leading new innovations, and introducing new solutions every day to improve the current processes. Higher education should be aimed to stimulate the creativity of students and enhance their entrepreneurship skills.

The objective of this virtual discussion is to identify and analyze the various fields of business opportunities after Higher Education. Discussions will also provide an opportunity for an intermediate impact assessment of the Covid 19 disruption. This Webinar will also focus on the digital and innovative solutions for entrepreneurship and new business ideas so that the students will be able to enhance their entrepreneurship skills for their self employment.

Smt. Kamla Devi Gauridutt Mittal Mahila Mahavidhyalaya, Sardarshahar (Churu)

Faculty Development Program on "Research Methodology"

About the College

Smt. Kamla Devi Gauridutt Mittal Mahila Mahavidyalaya was started to develop academic excellence among women. It is because of the contribution of Mittal Charities, Mumbai in 1981. The inauguration ceremony of the college was held on 14 November 1981 with the "Lighting of the lamp" by the then Education and Finance Minister, Rajasthan Govt. Mr. Chandanmal Baid. The ceremony became more glorious with the presence of Mr. Shivnath Singh, Director, and Education Department of Rajasthan.

About the FDP

The Purpose of education is Knowledge of Values, not to deliver facts. Good teachers know how to bring out the best in their students, train minds to think rightfully and enable them to live happily. To enrich our teaching fertility and to orient them to bridge the gap between theory and practical knowledge the SKDMM is taking initiation to conduct Faculty Development program from 17.12.2021 to 19.12.2021

Objectives of FDP

- To Update our faculty member & motivate them for research.
- Increase the involvement of Faculty member for Research.

Title	–	3 Days FDP on Research Methodology.
Date	–	17 Dec. to 19 Dec. 2021
Organizer	–	Smt. Kamla Devi Gauridutt Mittal Mahila Mahavidyalaya.
Resource Person	–	Dr. Madan Lal Sharma
Event Coordinator	–	Dr. Meenakshi & Dr. Manish Rao, Department of Education.
Duration	–	03 Days

NEED OF SDP

What is employee development? **Staff Development Program** is a process of improving employees existing competencies and skills and developing newer ones to support the Organization Goals

Employee development is not just about developing organizational L & D strategies. It is more than just implementing mandatory employee training. It goes way beyond meeting with employees annually to discuss their shortcoming and highlight improvements need.

We want to have a positive impact on the planet

Since 1981
